Re: **Bulletin #11c – COVID-19 – Years of Service Celebrations and Retirement Luncheons – Mar 25 2020**

As members of the healthcare community, you know the impact of COVID-19 and its effects in our facilities and in our communities. With safety as our top priority, the decision has been made to cancel the formal Years of Service celebrations and postpone the Retirement Luncheons that were planned to take place this spring.

Years of Service

We value the dedication and loyalty of our employees and physicians to Horizon and want to ensure well-deserved pendants are received in a timely manner, so they can be worn with pride. With this intention, all pendants will be sent to leaders in the spring and employees will be presented with their pendants in recognition of these important career milestones. We look forward to seeing you wearing your pendant proudly in the coming months.

Retirement

To celebrate this new chapter and rite of passage with our retirees, we are rescheduling the Retirement Luncheons to the fall to recognize their careers in a deserving way.

If you have any questions, please contact the Recognition Lead in your area or email engage@horizonnb.ca.

- **The Moncton Hospital** – Wanita MacEachern @ 506-857-5383
