Re: **Update: Clinical Order Set Process & NEW Pediatric COVID-19 Admission**

Clinical Order Set Management During COVID-19

Announcement: NEW Pediatric COVID-19 Posted [COVID-19 Known or Suspect Patient Admission Pediatrics](#)

Postings: Moving forward all clinical order sets (COS) posted will be announced on our COS Skyline page during this time. Please check the COS page under [Announcements](#) for the most up to date information.

Development requests: NEW COVID-19 related clinical order sets need to be considered for regional implementation. Chiefs of Program/Specialty in each area must be involved in development and endorsement.

Administrative Support and formatting: We can support you administratively for any COVID-19 COS to ensure adherence to our Horizon guidelines. Any physician group/program/network requiring assistance in the creation of COS related to COVID-19 is asked to contact clinicalordersetinquiries@horizonnb.ca

Approval: No other COS are being approved by our committee at this present time unless related to COVID-19 and endorsed by Executive Director and/or Vice President

Please forward all COS requests related to COVID-19 with attached email approval directly to clinicalordersetinquiries@horizonnb.ca
